**Summary of Legislation:** This bill authorizes the State Department of Health (Department) to determine the magnitude of lead poisoning in all Indiana residents. (Under current law the Department's authority is limited to children who are 6 years old or younger.) The bill requires the report to the Department on an individual's examination for lead poisoning to include the name of the individual's employer and the employer's address. It allows the Department to report certain information about the examination of an individual's blood for the presence of lead to specified local health departments. The bill also requires the Department to report the information to the Department of Labor's Bureau of Safety Education and Training.

**Effective Date:** July 1, 2003.
